Access Yes! — A Landowner/ Sportsman Program

The Idaho Department of Fish and Game administers a private lands access program called *Access Yes!*. The program compensates willing landowners for providing fishing and hunting access for sportsmen. For more information contact your nearest Fish and Game office.

Idaho, like other Western states has experienced overall declines in mule deer populations, although in some areas, mule deer numbers are stable or increasing. Because mule deer hunting is so important in Idaho, Fish and Game is committing additional personnel and resources to improve habitat and increase mule deer numbers. The Idaho Mule Deer Initiative is a statewide effort, but particular effort will be made across southcentral and southeast Idaho.

If you're interested in improving mule deer habitat on your land, please contact the nearest Fish & Game office. Cost-share funds are available for private land projects to benefit mule deer.

THESE WEEDS ARE DESTROYING YOUR GAME HABITAT!

Be on the lookout for noxious weeds! Non-native invasive plants, which replace native vegetation creating poor habitat for game birds and animals.

Here is how you can help.

- Drive only on established roads and trails away from weed infested areas.
- Carry only certified weed free hay for pack animals.
- Remove weed seeds from pack animals, dogs, ATV's, and other off-road vehicles
- Map the locations of weed infested areas and report them to your local county weed superintendent located under County Government in the phone book.

Leafy Spurge
(*Euphorbia esula*)

Dalmatian Toadflax
(*Linaria genistifolia*)

Spotted Knapweed
(*Centaurea maculosa*)

Rushskeleton Weed
(*Chondrilla juncea*)

Yellow Starthistle
(*Centaurea solstitialis*)

Pulling together, we can stop the spread of this deadly invader and help protect big game habitat. Join us in the fight against noxious weeds and the threats they pose to Idaho's agriculture, rangelands, recreation and wildlife habitat. Phone the Idaho Weed Awareness Campaign.

THE HABITAT IMPROVEMENT PROGRAM

Private lands habitat is a key to many wildlife populations in Idaho. The Habitat Improvement Program, HIP for short, is a technical assistance and cost-share program designed to help landowners create or improve habitat for waterfowl, upland game birds, and many other species.

What Does HIP Do?

HIP assists private landowners by:

- Providing project planning
- Providing special equipment
- Helping with project cost

For more information, contact your local regional Idaho Fish and Game office (listed on the back of this brochure).

Rules and Applications — 2011

Application on Page 13

NEW RULES FOR 2011

In 2010 the Idaho Fish and Game Commission passed new rules affecting the Landowner Appreciation Program (LAP). The new rules are designed to better distribute available LAP tags among eligible landowners. Previously, a few landowners with very large acreages would dominate the tag drawing at the expense of landowners with less property. The new rules effective in 2011 are:

- All registered landowners with 640 or more acres of significant deer, elk, or pronghorn habitat will receive a chance at drawing 1 LAP tag (per eligible species) before any landowner with 5,000 or more acres receives a chance at drawing a second LAP tag (per eligible species). This new rule will help distribute available LAP tags to more registered landowners.
- Landowners with between 320 and 639 acres can now register their land and are eligible to apply for leftover LAP tags only. Leftover tags are those available to all registered landowners after the drawing held in early August. Leftover tags can be applied for starting August 15. Tags will be sold on a first-come, first-served basis. Previously, only registered landowners with 640 or more acres were eligible for leftover LAP tags. This new rule will help recognize smaller landowners who provide significant deer, elk, or pronghorn habitat.
- Landowner is now defined as: “Any person or corporation whose name appears on a deed as the owner of eligible property or whose name appears on a contract for sale of eligible property as the purchaser; and *any affiliates, management companies, associated entities, wholly-owned subsidiaries, corporations, or limited liability corporations wherein fifty percent (50%) or more of the ownership or controlling interest is maintained by a single individual, partnership or corporation.*” This new rule prohibits “landowners” with large acreages from registering several eligible properties in a hunt area to allow them to draw more than 2 total LAP tags (per eligible species). The change applies at the hunt area level and does not affect “landowners” that have registered properties in different hunt areas. This new rule will help distribute available LAP tags to more landowners within hunt areas.
- LAP tags may not be sold *or marketed*. This new rule clarifies original intent that LAP tags cannot be sold to designated recipients.

Land and Applicant Registration

Landowners must register their land before they apply for LAP tags. They only have to register their land once, but if their land eligibility changes in future years, they must re-register.

Land registration must be submitted on a form provided by Idaho Fish and Game. Along with it, the landowner must provide to Fish and Game a copy of the deed(s) bearing the name(s) of the owner(s), the most recent tax assessment(s), and a map of the eligible property. Fish and Game will certify the registration and land description and return a copy to the landowner.

Eligibility Rules

Property: To be eligible for the first drawing held in early August, property must be at least 640 acres of land in one controlled hunt area whether owned by one or more persons, a partnership, or corporation. It shall not include any government lands. **Landowners with between 320 and 639 acres of land in one controlled hunt area are eligible to apply for leftover LAP tags available beginning on August 15.**

Only property that is used by, and provides significant habitat values for deer, elk or pronghorn qualifies for the Landowner Appreciation Program. Landowners may receive a tag only for species that use the property.

Landowners will only be eligible to apply for LAP controlled hunts occurring where their registered property is located (see controlled hunt area descriptions in the Big Game Seasons brochure).

Applicants: Only one LAP tag per species may be issued for eligible property consisting of between 320 and 4,999 acres. One additional tag may be issued to a landowner or designated agent for eligible property of 5,000 acres or more. No landowner or designated agent is eligible to receive more than one tag for one species in a calendar year. No more than two Landowner Appreciation tags may be issued to any eligible landowner.

If more than one application is received for eligible property consisting of 320 to 4,999 acres, all applications will be disqualified. If more than two applications are received for eligible property consisting of 5,000 acres or more, all applications will be disqualified.

A successful landowner, corporate or partnership representative drawing a LAP tag may, without cost, designate to whom the tag will be issued. If the designee already has a general season tag for the species drawn, they

will need to exchange the tag for the designated LAP tag at a regional office. This exchange must take place prior to the opening season dates for which the general tag is valid. Exchanges requested after the opening of a general season for which the general tag is valid will not be allowed.

Eligible applicants are limited to landowners listed on the Landowner Appreciation Registration form.

“Landowner” is defined as any person or corporation whose name appears on a deed as the owner of eligible property or whose name appears as the purchaser on a contract for sale of eligible property; and any affiliates, management companies, associated entities, wholly-owned subsidiaries, corporations, or limited liability corporations wherein fifty percent (50%) or more of the ownership or controlling interest is maintained by a single individual, partnership or corporation.

“Authorized Corporate Representative” is defined as any shareholder in a corporation, designated in writing by the corporation as the eligible applicant, who is in actual physical control of the eligible property.

Requirement of Non-Landowner Applicants

Corporate / Partnership Representatives: If the person registering is an authorized corporate or partnership representative, he or she must submit with their registration written verification from the board of directors, partnership, or an officer of the corporation, other than themselves, verifying that he or she is authorized to register the property and eligible applicants.

Hunt Areas and Tags

LAP tags are made available for controlled hunt areas designated by Idaho Fish and Game.

See the 2011 Big Game Seasons brochure for descriptions of hunt areas. Hunt areas may differ by species (e.g., deer, elk, pronghorn).

If there are more applicants than tags available in an area, successful applicants will be determined by drawing. Applications which are not drawn for the first choice hunt will automatically be entered into a second choice drawing provided the second choice hunt applied for has not been filled.

All big game rules apply to persons applying for, or hunting with, LAP tags, except:

- You are eligible to apply for a LAP tag even if you have applied for a moose, bighorn sheep, or mountain goat hunt.
- LAP tag applicants for antlered deer and elk hunts are **exempt** from the one-year waiting period after being drawn.

Motorized Vehicle Restriction

Use of motorized vehicles by hunters as an aid to hunting big game is restricted in certain areas. A full description of the rule can be found in IDAPA 13.01.08.411, 13.01.08.412, or the 2011 Big Game Seasons brochure. In summary, the rule states motor vehicle use as an aid to hunting for wildlife is restricted to established roadways open to motorized traffic capable of travel by full-sized automobiles. A full-size automobile is any motorized vehicle with a gross weight in excess of 1500 pounds. Established roadways will be considered any roadway-dirt or better-showing signs of repeated use by full-sized vehicles and typically have depressed wheel tracks and

minimal to no vegetation in the wheel tracks. Vehicle users can retrieve game, pack camps or ride for pleasure as long as they are in compliance with land manager or private landowner restrictions. The rule does not apply to private lands with permission from the landowner.

See 2011 Big Game Seasons brochure for motorized vehicle restrictions.

Special Restrictions

Landowner Appreciation Program Participants may hunt only within the boundaries described in the hunt area designated by Fish and Game.

No person shall kill more than one deer, elk or pronghorn in a calendar year **except:**

- An additional deer, elk or pronghorn may be taken by persons holding tags for special depredation hunts.
 - When an additional deer or elk is taken in an “extra” deer or elk hunt when the taker has a tag for that hunt. See annual Big Game Seasons brochure.
 - An additional deer or elk may be taken by persons who have purchased leftover nonresident deer or elk tags.
 - An additional deer, elk, or pronghorn may be taken by persons holding a Super Hunt or Super Hunt Combo tag(s) for the given species.
- In no event shall any person take more deer, elk or pronghorn during a calendar year than the number of tags they legally possess for each species.

Sale of Tags Prohibited

Idaho State Law prohibits the selling or marketing of LAP tags.

Application Fees

Personal checks or money orders are acceptable.

The resident fee is \$6.25 for each application for each species. The nonresident fee is \$14.75 for each application for each species. Successful applicants can purchase tags at any hunting license vendor. Tag fees will not be accepted with applications.

Application fees are based on residency status of the registered landowners. If the landowner is considered a nonresident for hunting and fishing licenses, they will need to submit the nonresident application fee. Individuals designated LAP tags must pay the appropriate tag fees based upon their own residency status.

Application Deadline: Fish and Game will accept applications on or after June 15. Applications received by July 15 will be entered in the random drawing for tags, which will be weighted to allow one chance for each 640 acres of eligible property to each applicant. See page 13 for application.

Application for leftover tags will be accepted on or after August 15 of each year on a first-come, first-served basis. For a list of leftover tags contact your local Regional office after August 15. Landowners will only be eligible to apply for leftover tags where their registered property is located (see controlled hunt area descriptions in the Big Game Seasons brochure). Only written applications from registered landowners will be accepted and must be accompanied by the appropriate fee.

Successful applicants who apply by July 15 will be notified by mail no later than August 15.

Mandatory Report Requirements

All deer, elk and pronghorn hunters are required to complete a Mandatory Hunter Report for each tag they purchase. For 2011 mandatory hunter reporting for deer, elk, and pronghorn is entirely paperless. Hunters are required to submit a report by phone or internet for each tag within 10 days after harvest. Hunters who do not harvest are required to report within 10 days after the close of the hunting season.

The best way to submit hunt information and the only way to get confirmation that the report was received is to do it online. Go to: <http://fishandgame.idaho.gov>.

To submit your hunter report by phone to a live operator, 24 hours a day, 7 days a week call toll free 1-877-268-9365.

2nd Name _____ Hunting License Number _____

By signing below I verify that the registered property for which I am applying for LAP tags is not an affiliate, management company, associated entity, wholly-owned subsidiary, corporation, or limited liability corporation wherein 50% or more of the ownership or controlling interest is maintained by a single individual, partnership or corporation of another registered property applying for LAP tags within the same hunt area. I understand that I may be required to show proof of controlling interest for registered properties. Furthermore, I understand that by not complying I could become ineligible for the Landowner Appreciation Program for a period of three (3) years.

Landowner's Signature _____ Date _____

Changes in LAND(S) and/or APPLICANT'S eligibility require that a new registration form be filed.

The information contained in this brochure summarizes the rules pertaining to Landowner Appreciation Program for the taking of deer, elk and pronghorn. The official rules are available from the Division of Statewide Administrative Rules, Department of Administration, Statehouse Mail, Boise, ID 83720, and may be reviewed in some libraries. Refer to the Game Management Unit boundary descriptions and controlled hunt area descriptions in the Annual Big Game Seasons brochure for legal boundaries. Idaho Fish and Game adheres to all applicable state and federal laws and regulations related to discrimination on the basis of race, color, national origin, age, sex, or handicap. If you feel you have been discriminated against in any program, activity, or facility of Fish and Game, or if you desire further information, please write to: Idaho Department of Fish and Game, P.O. Box 25, Boise, ID 83707; OR Office of Human Resources, U.S. Fish and Wildlife Service, Department of the Interior, Washington, DC 20240.

Costs associated with this publication are available from Idaho Fish and Game in accordance with Section 60-202, Idaho Code.
